

## Right next to the right one – Tim Christensen

What if we were meant to be together, mmm 3+2l  
What if you were meant to be the one  
I could hide a million years and try to believe  
That any time the girl in mind will come and rescue me

'Cause you're the fire, you're the one 1+2h  
But you will never see the sun  
If you don't know  
You're right next to the right one 1,2,3  
I could call it many names 1+2, 3  
But it's myself I need to blame  
If you don't know  
You're right next to the right one

In the end you've got a friend for lifetime mmm 3+2l, 1  
Truly there to truly care for you 3+ 2l(tot care → truly care for you), 2h,1  
I know you cry a million tears 1,2l+3 2h: I know you cry oe,oe,oe  
so I want you to know  
That a pretty face can take you places, you don't wanna go 1, 2+3

### *refrein:*

'Cause you're the fire, you're the one unisono  
But you will never see the sun  
If you don't know  
You're right next to the right one  
I could call it many names  
But it's myself I need to blame  
If you don't know  
You're right next to the right one

### *Instrumentaal*

So in the end it all depends 1+3, → 2h, → 2l, lai, lai etc...  
on whether you'll find 2(lead), 3: oe 1: it all depends, oe,oe  
warm embrace when I replace 1, 2(lead), 3  
the one you had in mind

### *refrein*

Ooh unisono  
If you don't know 2  
You're right next to the right one 1,2,3  
I could call it many names 1+2,3  
But it's myself I need to blame  
If you don't know  
You're right next to the right one  
Right next to the right one 1,2,3
